The Tariff Plank.

"We declare that the McKinley tariff law enacted by the Fifty-first Congress as the culminating act of the tariff policy of the United States is a fraud, a robbery of the great majority of the American people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to enforce and collect tariff duties except for the purpose of revenue only, and demand that the collection of such taxes shall be limited to the necessities of the government, honestly and economically administered."

Welcome to you, Judge Graham.

Here's the right hand of fellowship, Judge Cady.

On the right side at last Gen. McVough.

Senator Blackburn is filling his appointments in the Third district this week.

Both of the Presidential candidates will attend the World's Fair dedication at Chicago Oct. 21. Both of them have also accepted invitations to attend the same banquet in New York Oct. 13.

Christian county Democrats are well-versed this year. They are aroused and determined to give their enemies an old-time fight. They will be in the line at the polls.

Will help up a big majority for Judge Grace and they will see that Matt Major is the next Sheriff of the county.

The tide is set toward Cleveland and nothing can head it off by next month. Three Republicans of national reputation have this week renounced their former party and announced their intention to vote for Cleveland and Stevenson. They are Judge Walter G. Graham, of Indiana, Ex-Attorney General Wayne McVough, of Pennsylvania, and Judge Theo. M. Cook, of Michigan. Gen. McVough has written a lengthy letter setting forth his reasons for abandoning the Republican party.

Of course there were a few obstinate, cranky and careless Democrats who failed to register, but the registration shows that the entire Republican majority of 1902 is cut down by the returns to only 89. The Republicans all registered slowly and the result is a disappointment to them. About 40 Democrats were sick or absent and will be entitled to register in the Clerk's office on Oct. 31, Nov. 1 or Nov. 2. Unless friends are persuaded the Republicans cannot muster more for use with the Democrats, as all of the revenue crowd, including the Folklaw themselves, are registered. The falling off of about 100 in the Republican vote of the city is due to the emigration that has been going on and probably to the fact that colored colonists are needed this year in Indiana. At any rate there are fewer Republicans here than there were a year ago and more Democrats. The party majority the Republicans have is made up largely of doubtful voters and will not be kept in line in the face of the certain defeat that awaits their local ticket.

The Kutawa Convention.

The district convention of the fourth judicial district met at Kutawa, Ky., Wednesday, Oct. 5, with all the counties represented.

Judge Peters, of Callaway, was made chairman of the convention.

There was no opposition to either Judge Grace or Mr. Garrett and they were nominated by acclamation to their present positions by acclamation. Entire harmony and good feeling prevailed.

Christian county was represented by Messrs. Hunter Wood, F. W. Dabney, John Phelps, W. M. West, S. S. Tucker, J. E. Callahan and one or two others whose names we could not obtain.

## THERE STOOD GEORGIA

Northern Elected By 70,177 Majority.

Not a Vestige Left of the Combined Opposition.

Even the Negroes Voted the Democratic Ticket.

FLORIDA GOES THE SAME WAY BY 27,000.

ATLANTA, Ga., Oct. 6.—Returns from all the counties of the State make the majority 70,177. It is probable that the official vote will change this a few hundred.

It is a great Democratic victory and means that the South is still solid Northern's majority in Tom Watson's district is 1,000.

It is a sweeping victory for Democracy. The vote has been unusually heavy everywhere except in Atlanta. There was no opposition whatever here, hence a large amount of apathy which prevented anything like a contest. So far not a single county outside of the Tenth district has been carried by the third party, though it is probable some counties in the Ninth and some in the Seventh will do so.

The people's party leaders are completely demoralized. Rockledge, the home county of Candidate Peck, gave 500 majority for Northern. Following the ticket were: Governor, W. J. North; Secretary of State, Philip Cook; Comptroller, Gen. Wm. A. Wright; Treasurer, R. U. Hardman; Attorney General, Joseph M. Taylor; Commissioner of Agriculture, Robert T. Nethe.

and Florida too.

JACKSONVILLE, Fla.—Mitchell, Democrat, is elected Governor by July 27, 00 majority. Only one county, Baker, gave a majority against him. The Legislature will be solidly Democratic in both branches.

The whole State ticket of the Democracy is elected by majorities ranging from 100 to 1,000. Reports from forty-four out of the forty-five counties show that their Senators and Representatives will all be Democrats.

ELLIS' MAGNIFICENT RACE.

Capt. Ellis has in a campaign so far fully justified the expectations of his friends. His campaign has been a series of triumphs. Whether meeting his real opponent, the Republican candidate, or the third party champion who thinks he is in the race, he has proven himself invincible on the stump and has dealt such effective blows that he has been unable to induce his competitors to meet him at any counting number of his appointments. The truth is Capt. Ellis is more than a match for either of his opponents in brains and vision and in the ability to expose an error. It is no longer doubted that Capt. Ellis will be re-elected by the usual figures, or at least by 2,000 or 2,500 figures. He has made the district faithful, conscientious and attentive representative and many Republicans will vote for him on account of special courtesy shown or valuable services rendered to them or their friends. In the discharge of his public duties to his constituents he has known to no party in responding to calls upon him. A few months ago a well known citizen of Hopkinsville, a life-long Republican, was dangerously ill and his application for a position was slumbering in a pigeon-hole at Washington. It was important that the old soldier's claim be acted on without delay, for he was believed to be near death. Capt. Ellis was wired and he at once gave his personal attention to the matter, pushed the claim through without a moment's delay, and in a few days the position, with back pay, was allowed and many comforts have thereby come to a deserving veteran, who is now enabled to leave his bed, but who is still an invalid as helpless as a child.

Such death of kindness as this rendered unselfishly and regardless of political claims for his constituents, the more earnest Capt. Ellis to feel the pride of his district and he cannot be depicted in or out of his party will be desired to remain in Congress.

Missionary Meeting.

Missionary meeting "Sixth Circuit" will be held at Locust Grove, Oct. 29 and 30, 1892. The following subjects will be discussed:

1. The History and Growth of the Gospel. B. A. Copes.

2. Condition of Women in Pagan Lands. J. M. Jones.

3. Objections to Christianity as presented by the present State of Missions. Winston Hays.

4. Solution of Home and State Missions in Foreign Missions. J. D. Clardy.

5. The History and Benefits of Sunday Schools. W. H. Vaughan.

6. The present condition of Missions in Africa. A. C. Dorris.

7. Normal J. M. Jones.

All friends of missions are invited to come and participate in the discussion.

J. D. Clardy, V. P.

## Gen. J. B. Weaver, third party candidate for President, accompanied by his wife and Mrs. Leary, reached the city at the 10 o'clock train yesterday.

He was met at the train by Mrs. M. D. Davis, Mr. E. L. Poulke, Mr. Geo. S. Johnson, Mr. Geo. Jones, Mr. Geo. and other leaders of the third party. There was no enthusiasm whatever and the crowd at the depot was but little larger than usual upon such occasions. Gen. Weaver remained here but he passed through the little crowd of bystanders on the platform. He is a rather small man physically than the people expected to see, being far from distinguished looking to the casual observer. He is evidently growing old, his hair and mustache being quite gray. Mr. Pettit, in whose interest the visit to this district is made, arrived from Owensboro about his chief, but was not at the depot with the reception committee. Arrangements were made to have the speaking in the open air, in front of the court house but the crowd was so small that the meeting was held inside the court house, the flow of oratory at its height when we went to the meeting afternoon and evening. An attempt was made in this issue to let what was said. Of course the speeches made by Gen. Weaver, Mrs. Leary and Mr. Pettit were not so much as they have been usually in past times from time to time. The crowd that greeted the speaker numbered about 600, but made up largely of Democrats and Republicans, as the third party is very weak universally in this county.

The speakers were of course given a courteous and respectful hearing by all parties.

Another request was made yesterday for a division of time for Dr. Clardy with either Gen. Weaver or Mr. Pettit, but the proposition was indignantly rejected and the information given that the candidates would divide time with nobody excepting Grover Cleveland or W. T. Ellis. This decision was of course accepted by all and acquired in the end the third party crowd had things all their own way.

Tuesday's Registration.

The figures of last Tuesday's registration show that 81 per cent. of the vote of the city was registered. Of this vote the Democrats got out 80 per cent. and the Republicans 79 per cent. of the votes of their respective parties. These results are arrived at by assigning to the party which voted to vote with the few doubtful voters who declined to state what party they would affiliate with. The figures are given by districts.

Dem. Rep. Total

Court House 107 153 260

Regulator's 144 153 297

Wheeler's 66 209 275

Total 317 515 832

An analysis of this vote is very interesting to the Democrats. There are in the city 124 white voters, as shown by the last city assessment. Of these 701 are white and 640 colored. With a few exceptions all of the colored voters are about 140 of the white voters have been considered Republican, giving a Republican majority of 240 in theory. The Republicans could easily claim that they would register 150 majority, but they have succeeded in getting a lead of only 80 and cannot hope to do much better in the supplemental registrations. According to the registration books the vote as to color is recorded as follows:

White Colored

Court House 107 153

Regulator's 144 153

Wheeler's 66 209

Total 317 515

This shows that there are 105 white and 176 colored voters not registered. Of the white voters fully half are sick or absent from the city and are entitled to register. The others have forfeited their vote by moving or in other ways. Of the 176 colored voters at least 140 have disappeared from the city and it is safe to say will not be here to vote. A further analysis of the vote shows that the Republicans have 422 colored and 120 white votes, while the Democrats have 107 white and 4 colored voters. The Republicans have 426 total votes, while the Democrats have 111 total votes. The Republicans have lost out from their old party and recorded themselves as Democrats, while others have declared themselves to be "independent." Upon the whole the Democrats have every reason to feel encouraged by the returns.

## MILLINERY OPENINGS.

Three Establishments Display their Fine Fabrics and Hundreds of Ladies' Apparel.

This week has been a busy one with the milliners of the city and three establishments had their opening Wednesday and yesterday.

It has been a contest for years for all the ladies to attend Mrs. M. E. Rogers' millinery openings, as they feel sure of having seen all the latest styles and fashions in such goods. Her display has been viewed. This season has been no exception to the rule and her rooms were crowded both days as they were on the previous day. Her judgment in the selection of such goods has been tried, and she never fails to please anyone. Her stock this season embraces all the novelties and is a beauty to behold. If there is a lady who failed to look upon her gorgeous display she should have a visit in giving Mrs. Rogers a call.

MRS. ALLEN'S DISPLAY.

Miss Alice Allen's display of fine millinery goods attracted large crowds of ladies both days of her opening and all were highly pleased with the display. Miss Allen was quite sick Tuesday, and at one time decided to postpone the event, but with her usual courage she braced the storm, and with the assistance of Miss Knepper, Mrs. Allen and others, made a most creditable display of fine patterns, hats, bonnets and other millinery goods. Her stock is now complete and as no lady should buy until her stock has been inspected.

MRS. LANE'S RECENT LINK.

According to announcement Mrs. A. C. Lane held her Fall opening of millinery goods in her new quarters (West side) Wednesday and Thursday of this week. To say that her display is seldom excelled in putting it very mildly. Both days her rooms were filled with ladies from far and near—all waiting to get a look at the royal display of fine hats, bonnets, French novelties, etc., on exhibition. The ladies spent several weeks in the east studying the styles and familiarizing herself with these goods and came back with a large and carefully selected stock which has been viewed by many hundreds of ladies. All have been outspoken in their praise and realize that they have enjoyed quite a treat in being afforded an opportunity to gaze upon such a rare collection of seasonable goods.
